

Dry Seed Finishers  
have an inherent issue:

# Dust Management

DSF Dust  
negatively impacts  
our workspace and  
lives

DSF Dust Covers  
unwanted surfaces

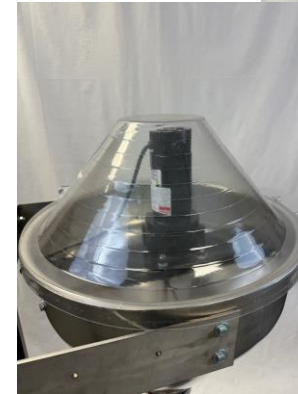

Dust Contaminates  
air, clothing and  
equipment

DSF Dust Creates  
slick walking and  
working surfaces

Workplace Dust  
goes home with  
you after work

Dust creates new  
work and waste in  
Our Lives!
